

**RAM NIRIKSHAN ATMA RAM COLLEGE, SAMASTIPUR, BIHAR  
LALIT NARAYAN MITHILA UNIVERSITY, DARBHANGA**

**Best Practices**

**2019-20**

**Best Practice 1**

**1. Title of the Practice**

Waste Management

**2. Objective of the practice**

To manage waste generating in the college campus

**3. The context**

Various types are generated from different facilities and premises at the college. There is a need to separate such wastes so that any recyclable items may be identified and further segregation may be done for processing.

**4. The Practice**

The waste at the college is primarily separated into the degradable and non-degradable wastes.

**5. Evidence of Success**

Regularly such waste is separated. The degradable waste is disposed away from the college and non-degradable waste is classified to see if there are any reusable items.

**6. Problems Encountered and Resources Required**

Municipality's attention has been drawn to regularly clear away wastes from the college.

**2019-20**

**Best Practice 2**

**1. Title of the Practice**

Approachable Principal's office

**2. Objective of the practice**

To make the principal's office more approachable to the needs of students

**3. The context**

Students come up regularly with various problems and doubts.

**4. The Practice**

Principal's office is always open for students to discuss their problems freely without any hesitation.

**5. Evidence of Success**

Students in large number are benefitted by clearing their doubts.

**6. Problems Encountered and Resources Required**

Students are to be guided properly about the students' needs to be fulfilled by the university and which facilities are available at the college.
